DELAY IN CURRENCY BILL

All Appropriation Measures Except the General Deficiency Bill Have Been Passed by the Two Bodies and Only Conference Reports Remain.

Washington, May 29.—Aside from the currency bill both houses of congress are in good condition for final adjournment. All the appropriation bills except the general deficiency have been passed by both houses and the conference reports on all except that have been finally accepted by the senate. The conferees on the general deficiency bill reached an agreement several days ago and they will be ready to present their report as soon as the house shall act upon the omnibus building bill. The latter bill has been agreed to in conference and the senate has accepted the conference report. The conference report has been held up in the house, however, as a weapon with which to force the senate to act upon the currency bill and it will be put through that body within a few minutes after notification of the senate's action on the currency question. Both the senate and the house will be required to act on the conference report on the general deficiency bill, but it can be put through in short order. Anticipating that the building bill will become a law the senate conference committee has incorporated in the deficiency bill the amounts necessary to carry the former into effect and as thus perfected it is printed and prepared for final presentation to both houses. They have even gone to the extent of printing the bill as it will become a law.

ALDRICH EXPLAINS BILL.
Senate Considers Conference Report on Currency Measure.
Washington, May 29.—The consideration of the conference report on the currency bill in the senate showed plainly that there would be little or no obstructive tactics against its passage. Senator Aldrich briefly explained the measure and a little political by-play was introduced by Senators Culberson of Texas and Bacon of Georgia, who taunted members of the majority with disinclination to pass anti-injunction and campaign contribution publicity bills before adjournment, which called forth claims of interest in both measures by senators on both sides, but gave no promise of action at this session.

Senators Teller of Colorado, Owen of Oklahoma and Newlands of Nevada all spoke in opposition to the currency bill and no other senators desiring to speak the latter part of the session was devoted to the currency bill.

QUESTION OF ANNULMENTS

Methodist Conference Declines to Take Up Subject.

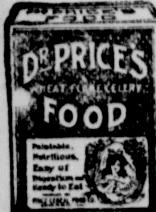

Baltimore, May 29.—Adverse action by the Methodist Episcopal general conference on an apparently unimportant motion is said to have back of it a determination on the part of a large number of the delegates to bury the whole question of whether or not paragraph 248 of the book of discipline, which deals with amusements, shall be changed. The motion on the question was that a time be set for the consideration of the report of the committee which has the question under consideration. The motion was lost by a decisive vote. Nothing was said in explanation other than that the report should be given preference over other important matters. It is said that there is a determined purpose not to permit the amusements to be discussed on the floor of the conference at all if it is possible to prevent it.

OLD AGE

There are a class of fools who say they do not care to live to old age, while there are hundreds of men and women between the ages of eighty and ninety as lively and independent as the average person of forty. Old age is exactly what you make it. Taking care of your health while you have it and by eating good, nourishing food will prolong your days.

GALE HITS CHICAGO

Fierce Hurricane Precedes Violent Electrical Storm.

SEVERAL PERSONS INJURED

Wind Reaches Velocity of Sixty-eight Miles an Hour and Causes Great Damage in Various Parts of the City.

Chicago, May 29.—A gale of wind which reached a greater velocity than has been recorded in Chicago for seven years preceded an electrical storm which did considerable damage in various parts of the city. Several persons were injured by debris blown from buildings by the gale and a church and half a score of other buildings were struck by lightning.

The greatest single instance of damage occurred when an eighteen-foot iron chimney was blown from the roof of an eight-story building at 119 La Salle street. The chimney fell across a court, breaking windows in the Brevoort hotel from the fourth to the sixth stories, and also crashed through a skylight in a restaurant adjoining. One man was severely cut by broken glass and scores of guests in the hotel and patrons of the restaurant were thrown into a panic.

The high wind, which reached a velocity of sixty-eight miles an hour, crippled telegraph and telephone wires throughout the city. For a short time the city was almost cut off from communication with the outside world, but most of the damage in this regard was of a temporary nature and was soon adjusted.

MANY LIVES MAY BE LOST

Power Dam Gives Way Near Port Arthur, Ont.

Port Arthur, Ont., May 29.—With a rush that swept away buildings and bridges, undermined and washed out railroad tracks and may have cost the lives of anywhere from five to fifty persons the power dam at Current river, a mile from here, went out, doing damage now estimated at not less than \$500,000. Several families who occupied houses near the site of the dam have not been heard from and no trace of the members has been found.

The known dead are Engineer Saard, Fireman McBride and Brakeman Inmann of the Canadian Pacific and two hoboes. All five were drowned when a Canadian Pacific train plunged into the river where the tracks had been swept away. Five cars followed the locomotive, but as far as known there were no persons in them but two tramps.

Freshets caused by the heavy rains of the last few days swelled the river so that the dam was unable to hold back the flood. In the torrent that followed the breaking of the structure the valuable power plant and the Canadian Pacific railroad bridge and the pavilion at the park were carried away and a section of the track was undermined and washed into the lake.

Storm in Southeastern Iowa.
Burlington, Ia., May 29.—A severe wind and rain storm struck Southeastern Iowa. Reports of much damage are coming in. Many valuable trees were blown down. Barns were wrecked, outhouses leveled, chimneys demolished and stock killed or injured. No reports of fatalities have been received. Several plate glass windows were blown out in Burlington. Telephone and electric wires are demolished. The Burlington railroad line south of here is blocked by landslides.

Many Buildings Demolished.
Quincy, Ill., May 29.—A wind storm which swept over Quincy did much damage. The principal buildings at Wonderland park were blown away and many smaller buildings were demolished. George Werner was killed by lightning during the storm. The country south of Quincy was swept by a tornado and fifty dwellings and outbuildings were demolished. No one is reported killed.

Numerous Washouts in Nebraska.

Lincoln, Neb., May 29.—Floods in the Neemah valley have caused washouts on the Burlington road and delayed trains. Water was reported running over the tracks north of Rulo and high water reports were received from Falls City, Auburn, Table Rock, Nebraska City and Brownville. The line between Nebraska City and Brownville is in bad shape.

Fishermen Caught in Gale.

Sandusky, O., May 29.—Six Italian fishermen and two boys were caught in the severest storm on Sandusky bay and are missing. The storm swept Erie and Ottawa counties, doing heavy damage. In Sandusky a section of a city block was unroofed and the interiors of four business houses flooded.

Arkansas River Again Rising.

Tulsa, Okla., May 29.—The Arkansas river is again rising. A heavy rain is falling. Railways all over the state are still demoralized.

TERRIFIC WIND STORM.

One Man Killed and Many Persons Injured in Kansas.

Topeka, Kan., May 29.—A terrific wind storm of almost the proportions of a tornado which passed over the southern part of Jewell county killed one man and injured twenty-two persons, seven of them probably fatally.

The storm traveled from the southwest and was 150 yards wide. It took everything in the path and scattered a number of houses, barns and small buildings over the prairies. The property damage will amount to thousands of dollars and the damage to the growing crops is large.

Lowlands Flooded in Missouri.

St. Joseph, Mo., May 29.—Reports from Maryville, Oregon, Tarkio and other Northwest Missouri towns are to the effect that thousands of acres of lowlands have been flooded. Most of this land had been planted to corn and the damage is heavy. The Missouri river is rising here and the government docks near Elwood under construction are threatened.

Great Damage to Crops.

Peoria, Ill., May 29.—An electrical storm accompanied by high wind and a heavy downfall of rain swept the central part of the state, causing great damage to the growing crops, uprooting giant trees, putting telephone and telegraph wires out of commission and possibly costing the life of one man.

Cloudburst in Oklahoma.

Tulsa, Okla., May 29.—Great damage to property and crops resulted from a cloudburst north of this city. The Atchison, Topeka and Santa Fe railroad bridge over Bird creek, fifteen miles north of Tulsa, was washed away, cutting off all railroad communication with Tulsa from the north.

Oklahoma Swept by Tornadoes.

Guthrie, Okla., May 29.—Tornadoes that swept over the country adjacent to Hennessey and Cashion brought great damage to crops and farm property. It is believed no lives have been lost, although details are meager.

Arkansas River Again Rising.

Tulsa, Okla., May 29.—The Arkansas river is again rising. A heavy rain is falling. Railways all over the state are still demoralized.

The young lady may, after graduation, attend a higher school of learning, she may remain in the home or she may select one of the many vocations now open to young women and in any of these spheres of life she will find the LADIES' HOME JOURNAL one of every day pleasure and usefulness.

Primarily it is a JOURNAL for the home. The large number of women remain in the home and the greater number of the JOURNAL's departments are designed to assist her. There is fiction, art, music, able articles and editorials upon vital questions concerning the home. No lady can carefully read the articles by Mrs. Rorer and others without finding assistance in economically managing the kitchen and the greatest of assistance in preparing healthful and palatable dishes.

But the JOURNAL does not confine itself to the woman in the home alone. The business girl, and the girl who goes to college will find pages which will not only help her to get the most out of those things but will assist her to find the pleasantries in them.

Omitting all other departments the JOURNAL would be a splendid gift if it contained nothing but its fashion talks and illustrations. These are all practical, authentic and will assist the young lady to economize in her dress expenditures. Four times a year the Journal publishes over a hundred fashion pictures and each number has many splendid helps.

We take subscriptions for the JOURNAL and can assist you in putting this splendid magazine in some young lady's hands, twelve times for the next year for \$1.50.

Seven Prisoners in Creek Jail.

Steubenville, O., May 29.—With a leader but twenty years old, who over-powered Sheriff D. F. Voorhees, seven prisoners escaped from the county jail here and have not been captured. With fifteen minutes' start of the officers the men, it is thought, started towards Pittsburg. When Sheriff Voorhees entered the corridor to lock the cells for the night he was knocked down and his keys were taken from him. The prisoners also took \$100 from the sheriff's pockets and divided it.

NEW MOTOR CAR FOR THE M. & I.

General Manager Gemmell Received Fine Motor Car Thursday for Inspection

WILL RUN ON TRAIN ORDERS

Car Will Carry From Four to Six People and Make From 25 to 40 Miles an Hour

General Manager Gemmell has secured a fine Fairbanks, Morse & Co. motor car, or track automobile, whichever you choose to call it, for use in inspection trips over the line of the Minnesota & International railroad. The car was given its first trip up the road Thursday afternoon, following the passenger train out of the city. H. D. Smith, a representative of the company was in charge, Henry I. Cohen and a friend of his from out of town being guests of Mr. Gemmell as far as Smiley.

The car which carries from four to six people, weighs 1,100 pounds and is propelled by a six horse, double cylinder gasoline engine. The car is equipped with a powerful acetylene headlight and has a canopy top with side curtains and a glass front for protection from the weather. The company guarantees a speed of 25 miles per hour and it will, it is said, make 40 miles easily on level track. It is guaranteed to master any grade on the line easily. It will be of great convenience to Mr. Gemmell in making his trips of inspection to and over the road.

This is the first inspection car propelled by power in use on the Northern Pacific system. The company, however, has purchased several motor section cars for use on the sections in the mountain region where the grade is heavy and Mr. Smith goes west from here to set them up and teach the men how to operate them.

MAKING GOOD PROGRESS.

Trial of Washington Clubman on Charge of Murder.

Washington, May 29.—The trial of Gaston Philip, the clubman, charged with the murder of Frank Macaboy, a cab driver, about a year ago at the Arlington hotel in this city, moved with great expedition in criminal court. The government placed a number of witnesses on the stand who told the story of events of a stormy character incident to a round of revelry on the night preceding the shooting wherein Philip and Macaboy and others participated. They also described the scene after the shooting told of the statements made by both principals, including a remark accredited to Macaboy that he had been shot like a dog and gave other details.

The delegates to the High Court of Minnesota of the United Order of Foresters succeeded in securing the next biennial session of that body for Brainerd. It will meet here in May 1910. This is quite a feather in Brainerd's cap as it will bring a large number of delegates to this city and assist in advertising Brainerd throughout the state as the coming city of Central Minnesota.

The delegation was also successful in securing three officers in the high court for Brainerd delegates. They were:

Mrs. E. R. Jones, high chaplain.
Lewis Lee, high inner woodward.
Mrs. Geo. Abbott, high outer woodward.

The delegates were royally entertained and after the close of the convention the delegates were taken on a tour of inspection through the Minnesota penitentiary.

HUBERT POSTOFFICE ROBBED

**Midnight Thieves the Second Time
in Six Months Relieve Post-
master of His Cash**

The Hubert postoffice was entered last night and robbed of postal funds to the amount of \$34.29 and in addition to this \$10 belonging to Toney Bohlke, the postmaster and who runs a country store in connection. A pocketbook containing a certificate of deposit for \$200, a check of \$35 and a note for \$300 were also taken together with the private papers of Mr. Bohlke, but nothing else in the store was disturbed as far as could be ascertained. Two men were waiting at the postoffice door Thursday morning when the young lady who attends to the business arrived and they entered with her and asked for a ten cent plug of tobacco tendering her a \$10 bill in payment. She opened the safe to get the change and after completed their purchase the men departed stating that they were going to Bemidji. Later in the day they talked to Ed. Berg at the depot there asking about the fishing, and while they did not say so the impression they conveyed was that they were game waders. Nothing more was seen of them, but their presence is accounted for by the robbery that followed last night.

It is now thought that their tender of the large bill for a small purchase was to ascertain if the money was left in the safe over night and to get a chance to view the inside of it, and they were interested spectators while the safe was being opened, undoubtedly getting the combination and finding out what they wanted to know. The outside lock on the door of the store was forced with a pick belonging to the section crew, which they left on the cigar case when they left, and the door lock was opened with a skeleton key when they left it as they found it. The safe was opened with the combination which was not turned completely off, and the pick was brought into play to get into the cash box. A good description of the men was obtained from Mr. Berg and it is hoped that they will be caught although they had twelve hours the start before the predation was discovered.

It has been learned that the robbers took a handcar at Merrifield and came down the road to Gilbert lake where the car was abandoned, and they probably made their way into Brainerd on foot.

MRS. CAROLINA LIND DEAD

**Pioneer Resident of Brainerd Died
Today at Home of Her Daughter
in Northeast Brainerd**

Mrs. Carolina Lind, widow of the late S. G. Lind, and a resident of Brainerd since 1882, died this morning at the home of her daughter, Mrs. Andrew Erickson, 415 Kindred street. Mrs. Lind had been sick for some time with a complication of the infirmities of old age, and while her death was not unexpected it will be a hard blow to the relatives and many friends. The funeral will probably be held Sunday afternoon and will be from the Swedish Mission church, the services being conducted by the Rev. C. V. L. Engstrom, pastor of the church, and will be followed by interment in Evergreen cemetery.

The deceased was born in Sweden July 11, 1831, and was united in matrimony in 1855 to S. G. Lind, who died about three years ago. They continued to reside in Sweden until 1882, when they came to America, coming direct to Brainerd, where they resided until their deaths. To them eight children were born, six of whom survive them. One, a son, died in Sweden in early childhood, and a daughter, Mrs. S. Johnston, died in this city about five years ago. There are two daughters surviving, Mrs. Ada Carolina Lund and Mrs. Josephine Carolina Erickson, both of this city. Of the four sons who survive, three, J. G. O. Lind, J. A. Lind and S. R. Lind, reside in Brainerd, while C. L. Lind, the oldest son, resides in Sweden. There are several grandchildren residing in Sweden, one in Montana and several in Brainerd.

Mrs. Lind was a loving and devoted mother and a good Christian, having been a member of the Swedish Mission church for a long time.

Northeast Brainerd defeated the A. O. H. easily by a score of 8 to 0, this being the A. O. H.'s first practice game they showed up well. Their catcher, C. Willis was knocked out in the fourth inning. Murphy pitched good ball for the A. O. H., but the features of the game was the pitching of Davidson, who fanned seven men, also the fielding of Second Baseman Smith and good work of the First Baseman Ed. Doepke. They could not find Davidson at all, it was a base ball murder from the beginning. The line-up is as follows:

Trustee."

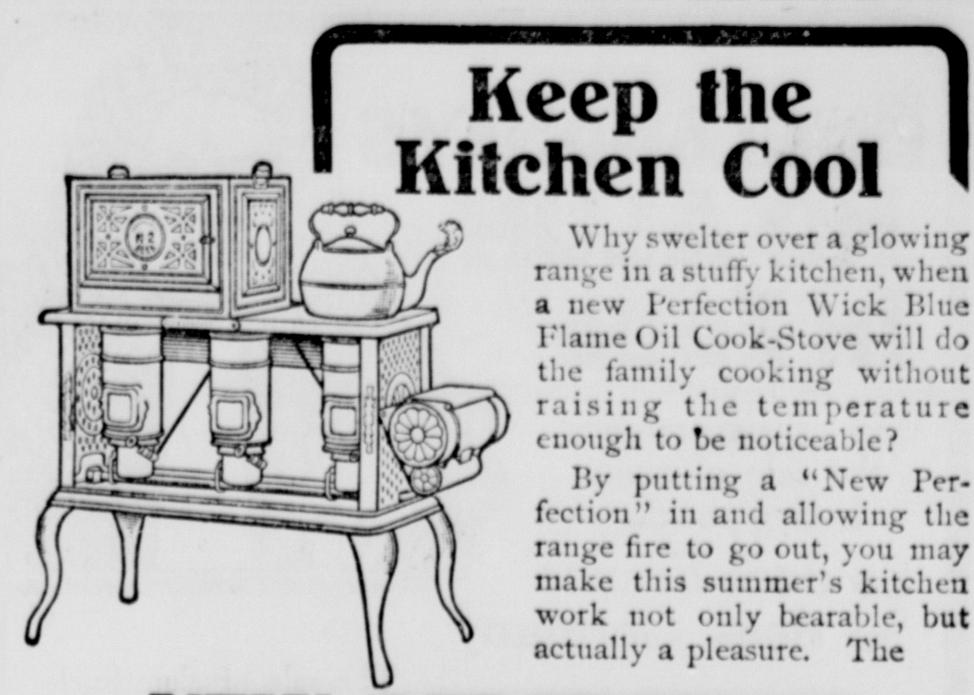

Try This For Dessert

Dissolve one package of any flavored JELL-O in one pint of boiling water. When partly congealed, beat until light adding one cup whipped cream and six crushed macaroons. Whip all together thoroughly and pour it into a mould or bowl. When cool, it will jelly and may be served with whipped cream or any dessert sauce.

The JELL-O comes in per package and can be obtained at any good grocer's.

Keep the Kitchen Cool

Why swelter over a glowing range in a stuffy kitchen, when a new Perfection Wick Blue Flame Oil Cook-Stove will do the family cooking without raising the temperature enough to be noticeable?

By putting a "New Perfection" in and allowing the range fire to go out, you may make this summer's kitchen work not only bearable, but actually a pleasure. The

produces an intense heat under the kettle or in the oven, but does not radiate heat in all directions as a coal range does—hence is used with comfort on the hottest summer day. Made in three sizes, and warranted. If not with your dealer, write our nearest agency.

The Rayo Lamp

comes as near lamp perfection as it's possible to get. Gives a clear, bright light that reaches the farthest corner of a good sized living-room. Well made throughout of nickelized brass; perfectly safe and very ornamental. Warranted in every particular. If not with your dealer, write our nearest agency.

The Largest Exclusive Music House in the Northwest

We take an immense amount of pride in this plain, solid statement. For fourteen years we have been plodding along, climbing steadily on and up, striving to make each year a little bigger and better than the preceding year, eliminating the weak spots and strengthening the ties of good fellowship between ourselves and our old customers, and by square business dealing constantly adding new ones. There is hardly a man in this great Northwest that does not know that when he buys anything of Stone, whether it be a drum stick or a pipe organ, whether it be a jewsharp or a grand piano, the goods are going to be exactly as represented and the price will be just a little lower than he can get anywhere else, and he knows, too,

Court of Foresters**

The delegates to the High Court of Minnesota of the United Order of Foresters succeeded in securing the next biennial session of that body for Brainerd. It will meet here in May 1910. This is quite a feather in Brainerd's cap as it will bring a large number of delegates to this city and assist in advertising Brainerd throughout the state as the coming city of Central Minnesota.

The delegation was also successful in securing three officers in the high court for Brainerd delegates. They were: Mrs. E. R. Jones, high chaplain. Lewis Lee, high inner woodward. Mrs. Geo. Abbott, high outer woodward.

The delegates were royally entertained and after the close of the convention the delegates were taken on a tour of inspection through the Minnesota penitentiary.

HUBERT POSTOFFICE ROBBED

Midnight Thieves the Second Time in Six Months Relieve Post- master of His Cash

The Hubert postoffice was entered last night and robbed of postal funds to the amount of \$34.29 and in addition to this \$10 belonging to Toney Bohlke, the postmaster and who runs a country store in connection. A pocketbook containing a certificate of deposit for \$200, a check of \$35 and a note for \$300 were also taken together with the private papers of Mr. Bohlke, but nothing else in the store was disturbed as far as

could be ascertained. Two men were waiting at the postoffice door Thursday morning when the young lady who attends to the business arrived and they entered with her and asked for a ten cent plug of tobacco tendering her a \$10 bill in payment. She opened the safe to get the change and after completed their purchase the men departed stating that they were going to Bemidji. Later in the day they talked to Ed. Berg at the depot there asking about the fishing, and while they did not say so the impression they conveyed was that they were game waders. Nothing more was seen of them, but their presence is accounted for by the robbery that followed last night.

It is now thought that their tender of the large bill for small purchase was to ascertain if the money was left in the safe over night and to get a chance to view the inside of it, and they were interested spectators while the safe was being opened, undoubtedly getting the combination and finding out what they wanted to know. The outside lock on the door of the store was forced with a pick belonging to the section crew, which they left on the cigar case when they left, and the door lock was opened with a skeleton key for when they left they locked it as they found it.

The safe was opened with the combination which was not turned completely off, and the pick was brought into play to get into the cash box. A good description of the men was obtained from Mr. Berg and it is hoped that they will be caught although they had twelve hours the start before the predation was discovered.

It has been learned that the robbers took a handcar at Merrifield and came down the road to Gilbert lake where the car was abandoned, and they probably made their way into Brainerd on foot.

MRS. CAROLINA LIND DEAD

Pioneer Resident of Brainerd Died Today at Home of Her Daughter in Northeast Brainerd

Mrs. Carolina Lind, widow of the late S. G. Lind, and a resident of Brainerd since 1882, died this morning at the home of her daughter, Mrs. Andrew Erickson, 415 Kindred street. Mrs. Lind had been sick for some time with a complication of the infirmities of old age, and while her death was not unexpected it will be a hard blow to the relatives and many friends. The funeral will probably be held Sunday afternoon and will be from the Swedish Mission church, the services being conducted by the Rev. C. V. L. Engstrom, pastor of the church, and will be followed by interment in Evergreen cemetery.

The deceased was born in Sweden July 11, 1831, and was united in matrimony in 1855 to S. G. Lind, who died about three years ago. They continued to reside in Sweden until 1882, when they came to America, coming direct to Brainerd, where they resided until their deaths. To them eight children were born, six of whom survive them. One, a son, died in Sweden in early childhood, and a daughter, Mrs. S. Johnston, died in this city about five years ago. There are two daughters surviving, Mrs. Ada Carolina Lund and Mrs. Josephine Carolina Erickson, both of this city. Of the four sons who survive, three, J. G. O. Lind, J. A. Lind and S. R. Lind, reside in Brainerd, while C. L. Lind, the oldest son, resides in Sweden. There are several grandchildren residing in Sweden, one in Montana and several in Brainerd.

Mrs. Lind was a loving and devoted mother and a good Christian, having been a member of the Swedish Mission church for a long time.

N. E. BRAINERD VS. A. O. H.

Northeast Brainerd defeated the A. O. H. easily by a score of 8 to 0, this being the A. O. H.'s first practice game they showed up well. Their catcher, C. Willis was knocked out in the fourth inning. Murphy pitched good ball for the A. O. H., but the features of the game was the pitching of Davidson, who fanned seven men, also the fielding of Second Baseman Smith and good work of the First Baseman Ed. Doepke. They could not find Davidson at all, it was a base ball murder from the beginning. The line up is as follows:

CHILDREN IN PANIC.

Rumors of Plot to Dynamite Chicago School.

Chicago, May 29.—Rumors that an Italian secret society had formed a plot to dynamite the Dante school at Ewing and Desplaines streets caused a panic among the 1,700 pupils of the school. About 500 of the children became panic stricken and fled from the building. Many of them were knocked down and slightly bruised, but none of them was seriously injured.

For several days there have been groundless rumors that the school might be blown up with dynamite. Somebody fired a number of shots in an alley adjoining the school and instantly hundreds of the children left their seats and ran for the doorways.

SNELL WILL BROKEN

Jury Returns Verdict in Sensational Lawsuit.

VICTORY FOR CONTESTANT

Case Has Been on Trial in the Circuit Court at Clinton, Ill., for Ten Days and Is the Second Effort to Break the Famous Will.

Clinton, Ill., May 29.—The jury in the Snell case, after having been out six hours, brought in a verdict setting aside the will. The jury was unanimous in declaring its belief that Colonel Snell was of unsound mind.

The case was given to the jury by Judge Philbrook after he had read his instructions, which both sides regarded as favorable. The case has been on trial here in the circuit court for ten days and is the second attempt to break the will of Colonel Tom Snell, millionaire, which cut Snell's only son off with an annuity of \$50.

ATTACKED BY PERSIANS.

Russian Official Dangerously Injured at Teheran.

St. Petersburg, May 29.—Dispatches from Teheran received at the foreign office state that an armed attack was made on the official residence in that city of the Russian financial agent, M. Ostrogradski, and the Russian official was dangerously injured.

Three unknown men made their way into his residence and, encountering M. Ostrogradski, fired a number of shots at him, one of the bullets striking him in the loin. Though badly wounded M. Ostrogradski managed to fight off his assailants, who continued to fire at him. They then made a pretense to search for valuables, but fled at the first appearance of help.

The most stringent representations are being made by Russia to Persia for satisfaction for the outrage. Coming so close to the killing of Captain Dvoeglazoff and a number of Russian soldiers by Persian brigands near the frontier coast at Belesuvar the affair has dissipated official optimism with regard to the Persian situation.

GENERAL LEE DEAD.

Noted Confederate Soldier Expires at Vicksburg.

Vicksburg, Miss., May 29.—Within sight of the fields on which he had fought his hardest battles during the Civil war and on the same ground where he had welcomed and entertained his former foes less than a week ago General S. D. Lee, commander-in-chief of the United Confederate Veterans and one of the last three surviving Lieutenant generals of the Confederacy, died here in the Vicksburg National Military park at the official residence of the park commission.

Camps and other Confederate organizations, as well as many prominent persons, including the president of the United States, were quick to convey their expressions of sympathy.

CONSIDERED MOST RADICAL

Bill Relating to Alaskan Coal Lands Signed.

Washington, May 29.—President Roosevelt signed a bill which in the opinion of many persons is the most radical measure of legislation enacted during the administration. Its title is "To encourage the development of coal deposits in the territory of Alaska" and its principal provision includes an attempt to prevent monopoly by restricting holdings to 2,560 acres of coal lands and providing a penalty of forfeiture of all holdings by persons individually or in combination who get possession of more than this number of acres. It also gives the government the first claim on any coal that may be mined, thus guaranteeing fuel supply for the navy.

RECORD SHIPMENT OF BERRIES.

Bridgeville, Del., May 29.—A new daily record in the shipment of strawberries was made in this section when seventy-four carloads of berries were shipped. The previous record for one day was fifty-five cars made last summer. The price of berries has dropped many farmers selling as low as 4 cents a quart, which they claim is not a paying price.

Banker Gets Five Years.

Salem, Ore., May 29.—Judge Burnett, in the circuit court, sentenced J. Thorburn Ross, the Portland banker to five years' imprisonment and to pay a fine of \$576,094. Ross recently was convicted of wrongful conversion of state school funds in his capacity as president of the Title Guarantee and Trust company.

TELEGRAPHIC BREVITIES.

In a game of baseball in Poughkeepsie, N. Y., Charles Tempke, aged fourteen, was struck under the heart by a pitched ball and killed.

George M. Lentner, aged 101 years, is dead at the home of his daughter, Mrs. Kirkpatrick, at Highland Center, Ia. He was the oldest man in Wapello county.

There has been an epidemic of suicides in St. Petersburg that has lasted for three months. The average number of deaths has been eighty-five a month.

A house bill increasing the compensation of inspectors in the customs service to \$6 per diem and fixing the salary of the treasurer of the United States at \$8,000 per annum was passed by the senate.

The bodies of R. G. Keith and Mrs. Lizzie Ready were found in the woman's home at Bangor, Me. It is thought Keith shot and killed the woman and himself following her refusal to marry him.

Clarence F. Norment has been elected president of the Washington Railway and Electric company, to be effective June 1 next. This is the position to which it was expected a few months ago William Loeb, Jr., secretary to the president, would be elected.

INSURGENTS LOSE HEAVILY

Japanese Fight Fifty-three Engagements With Koreans.

Seoul, Korea, May 29.—According to military reports a total of fifty-three engagements were fought during the month of May in the campaign of the Japanese forces against Korean insurgents and rioters. Five hundred and forty-nine insurgents were killed, many wounded and a large number captured. The Japanese lost thirty killed.

At the Japanese military headquarters it is confidently predicted that the entire disturbing element in Korea will be subdued within sixty days.

PENNSYLVANIA RAILWAY DIVIDEND.

Philadelphia, May 29.—Checks for the regular semi-annual dividend of the Pennsylvania Railroad company have been mailed to 59,415 shareholders, the greatest number in the company's history, and representing an increase of 14,000 over the number receiving the dividend a year ago. The checks amounted in value to \$9,437,829.50, this being a dividend of 8 per cent on the capitalization of \$314,594,400.

BATTLESHIPS SAIL FROM TACOMA.

Tacoma, Wash., May 29.—Anchors were hoisted by the battleships of the First division and the hospital ship Relief and they sailed for San Francisco, leaving the Georgia, New Jersey, Rhode Island and Virginia to remain in Tacoma harbor until Sunday morning, when they will go to Bremerton to be drydocked.

PROTEIN INSPECTION BILL SIGNED.

Guthrie, Okla., May 29.—Governor Haskell has signed the famous hotel inspection bill, commonly known as the nine-foot sheet bill because of the provision that the upper sheet on all hotel beds must be long enough to turn back two and a half feet over the other covers.

The sale of alum foods
has been made illegal in Washington and the District of Columbia, and alum baking powders are everywhere recognized as injurious.

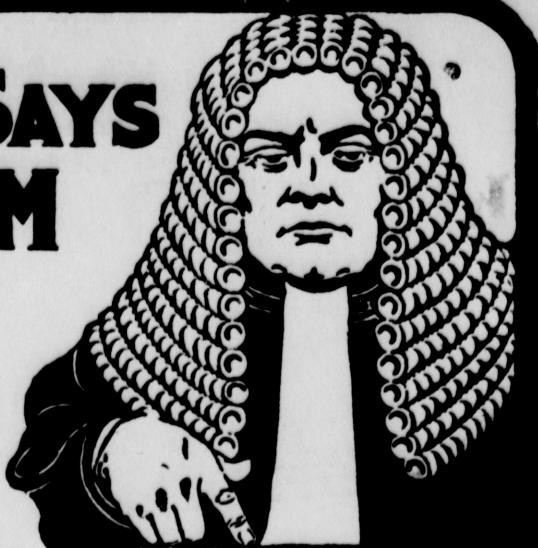

To protect yourself against alum,
when ordering baking powder,

Say plainly—

**ROYAL BAKING
POWDER**

and be very sure you get Royal.

Royal is the only Baking Powder made from Royal Grape Cream of Tartar. It adds to the digestibility and wholesomeness of the food.

SNELL WILL BROKEN

Jury Returns Verdict in Sensational Lawsuit.

VICTORY FOR CONTESTANT

Case Has Been on Trial in the Circuit Court at Clinton, Ill., for Ten Days and Is the Second Effort to Break the Famous Will.

Clinton, Ill., May 29.—The jury in the Snell case, after having been out six hours, brought in a verdict setting aside the will. The jury was unanimous in declaring its belief that Colonel Snell was of unsound mind.

The case was given to the jury by Judge Philbrook after he had read his instructions, which both sides regarded as favorable. The case has been on trial here in the circuit court for ten days and is the second attempt to break the will of Colonel Tom Snell, millionaire, which cut Snell's only son off with an annuity of \$50.

ATTACKED BY PERSIANS.

Russian Official Dangerously Injured at Teheran.

St. Petersburg, May 29.—Dispatches from Teheran received at the foreign office state that an armed attack was made on the official residence in that city of the Russian financial agent, M. Ostrogradski, and the Russian official was dangerously injured.

CHILDREN IN PANIC.

Rumors of Plot to Dynamite Chicago School.

Chicago, May 29.—Rumors that an Italian secret society had formed a plot to dynamite the Dante school at Ewing and Desplaines streets caused a panic among the 1,700 pupils of the school. About 600 of the children became panic stricken and fled from the building. Many of them were knocked down and slightly bruised, but none of them was seriously injured.

For several days there have been groundless rumors that the school might be blown up with dynamite. Somebody fired a number of shots in an alley adjoining the school and instantly hundreds of the children left their seats and ran for the doorways.

Three unknown men made their way into his residence and, encountering M. Ostrogradski, fired a number of shots at him, one of the bullets striking him in the loin. Though badly wounded M. Ostrogradski managed to fire at his assailants, who continued to fire at him. They then made a pretense to search for valuables, but fled at the first appearance of help.

The most stringent representations are being made by Russia to Persia for satisfaction for the outrage. Coming so close to the killing of Captain Dvoeglazoff and a number of Russian soldiers by Persian brigands near the frontier coast at Belusuv the affair has dissipated official optimism with regard to the Persian situation.

GENERAL LEE DEAD.

Noted Confederate Soldier Expires at Vicksburg.

Vicksburg, Miss., May 29.—Within sight of the fields on which he had fought his hardest battles during the Civil war and on the same ground where he had welcomed and entertained his former foes less than a week ago General S. D. Lee, commander-in-chief of the United Confederate Veterans and one of the last three surviving lieutenant generals of the Confederacy, died here in the Vicksburg National Military park at the official residence of the park commission.

Camps and other Confederate organizations, as well as many prominent persons, including the president of the United States, were quick to convey their expressions of sympathy.

CONSIDERED MOST RADICAL

Bill Relating to Alaskan Coal Lands Signed.

Washington, May 29.—President Roosevelt signed a bill which in the opinion of many persons is the most radical measure of legislation enacted during the administration. Its title is "To encourage the development of coal deposits in the territory of Alaska" and its principal provision includes an attempt to prevent monopoly by restricting holdings to 2,560 acres of coal lands and providing a penalty of forfeiture of all holdings by persons individually or in combination who get possession of more than this number of acres. It also gives the government the first claim on any coal that may be mined, thus guaranteeing fuel supply for the navy.

Record Shipment of Berries.

Bridgeville, Del., May 29.—A new daily record in the shipment of strawberries was made in this section when seventy-four carloads of berries were shipped. The previous record for one day was fifty-five cars made last summer. The price of berries has dropped, many farmers selling as low as 4 cents a quart, which they claim is not a paying price.

Banker Gets Five Years.

Salem, Ore., May 29.—Judge Burnett, in the circuit court, sentenced J. Thorburn Ross, the Portland banker to five years' imprisonment and to pay a fine of \$576,094. Ross recently was convicted of wrongful conversion of state school funds in his capacity as president of the Title Guarantee and Trust company.

TELEGRAPHIC BREVITIES.

In a game of baseball in Poughkeepsie, N. Y., Charles Hempke, aged fourteen, was struck under the heart by a pitched ball and killed.

George M. Lentner, aged 101 years, is dead at the home of his daughter, Mrs. Kirkpatrick, at Highland Center, Ia. He was the oldest man in Wapello county.

There has been an epidemic of suicides in St. Petersburg that has lasted for three months. The average number of deaths has been eighty-five a month.

A house bill increasing the compensation of inspectors in the customs service to \$6 per diem and fixing the salary of the treasurer of the United States at \$8,000 per annum was passed by the senate.

The bodies of R. G. Keith and Mrs. Lizzie Ready were found in the woman's home at Bangor, Me. It is thought Keith shot and killed the woman and himself following her refusal to marry him.

Clarence F. Normant has been elected president of the Washington Railway and Electric company, to be effective June 1 next. This is the position to which it was expected a few months ago William Loeb, Jr., secretary to the president, would be elected.

DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or overbusy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills or potions. In reality, they are all only symptoms used by some uterine disease, the physician, ignorant of the cause of the disease, puts up his treatment until the disease is made. The suffering patient is not better, probably worse. A man medicine like Dr. Pierce's Favorite Prescription, given in full doses, has been found to have a powerful effect in curing all these diseases, by removing all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a specific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects. *In full doses it cures all the diseases mentioned.*

As a powerful invigorating tonic "Dr. Pierce's Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For over-worked, "worn-out," run-down, debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine "Dr. Pierce's Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.
